North Park Main Street Mission Statement:

To promote development that supports arts, culture, and entertainment, while preserving the historical integrity of North Park. To create a pedestrian-friendly destination for shopping, dining, and entertainment that supports our local businesses.

North Park Main Street is a non-profit community-based revitalization effort focused on Arts, Culture, and Entertainment uses for the historic business district.

Business Improvement District

North Park Main Street is a city-recognized, professionally-managed Business Improvement District. A Business Improvement District (BID) is a district in which business owners choose to be assessed a fee by the City to fund business-related activities and improvements that will benefit the district. With 17 BIDs citywide, San Diego’s program is the largest in the State of California and one of the most active in the nation. The North Park BID was adopted in 1985.

Main Street Community

North Park Main Street is a nationally-designated Main Street neighborhood networked with more than 1,600 revitalizing commercial districts across the United States. Main Street is a strategy developed by the National Trust for Historic Preservation that is one of the most successful economic development tools in the nation.

Neighborhood-Based

North Park Main Street is a volunteer-based program linking the vision of businesses, building owners, and neighborhood residents. The Main Street method of revitalization is a community-based effort that creates a partnership between the commercial district, neighborhood residents, and community groups. Main Street is a self-help program. Without the will to succeed and the desire to work hard to create change, no revitalization program will occur. The local initiative, supported by numerous volunteers, is an essential component of the Main Street strategy.
