Narrative

In this narrative section please note any special events, client highlights & success stories, challenges, and any other program issues of note. The narrative content relates to Mid-City Outreach Program affiliated clients.

Successful Outcomes:

- After several weeks working with an elderly woman from City Heights with severe challenges performing activities of daily living, Mid-City staff were able to assist her to access the regional Coordinated Entry System and eventually a motel room. She has since stabilized enough to consider long term housing options.
- Mid-City staff met a woman living in her vehicle in North Park with her four year old daughter. After assisting her to obtain a new ID, staff were able to help her reconnect with a former landlord and cover move-in expenses, minimizing overall use of the homeless system.

Program Updates:

- Staffing changes: Jessie Angeles, Jr. will be transitioning to new role with PATH's Coordinated Street Outreach program, starting February 1, 2021.
- Held preliminary meetings with City Heights and North Park partners to coordinate services. There seemed to be some interest in continuing these.
